TENDER DOCUMENT

Tender Notification No: Met-Mat/IRGCF/TIGWM/ 919 /2019-20/04 Date: 03/10/2019

Name of Goods : Single Phase AC/DC TIG Welding Machine

Estimated amount put to Tender : Rs. 4 Lakhs/- (Including GST)

EMD Amount (2% of estimated amount) : Rs. 8000/Time for Supply of item : 30 Days

Date for Request tender document : 04/11/2019, at 2.00 p.m End date for submission of e-tender : 04/11/2019, at 3.00 p.m.

Address for Submission of Tender : https://mhrd.euniwizarde.com

Opening date of technical bid : 05/11/2019, at 3.00 p.m.

Contact Details of Buyer : Dr . Kumkum Banerjee

Tender Notification No:Met-Mat/IRGCF/TIGWM/ 919 /2019-20/04

NOTICE INVITING e-TENDER (e-NIT)

The National Institute of Technology Karnataka, Surathkal (in short – NITK, Surathkal) is an autonomous institute under Ministry of HRD Govt of India imparting Technical Education and engaged in Research Activities. It is proposed to procure equipment for Central Research Facility.

Online Tender (https://mhrd.euniwizarde.com/) is invited for the following items in two-cover-system (i.e., Technical bid and financial bid) subject to the following terms and conditions, from the reputed manufacturers or it's authorized dealers so as to reach this office on or before scheduled date and time. The tender (Technical bid) will be opened online on the due date as mentioned. Bidders can verify their bid status through online portal https://mhrd.euniwizarde.com/. The financial bid of only such bidders whose technical bid is accepted shall be opened on the same day or later pre-informed date.

1. Name of Goods : Single Phase AC/DC TIG Welding Machine

2. Estimated Cost : Rs. 4 Lakhs/- (Including GST)

3. E M D (2% of estimated amount) : Rs. 8000/-

4. Date for Request tender document : 04/11/2019, at 2.00 p.m

5. End date for submission of e-tender : 04/11/2019, at 3.00 p.m.

6. Address for Submission of Tender : https://mhrd.euniwizarde.com

7. Date of opening of technical bid : 05/11/2019, 3.00 p.m.

HOD Seal & Signature

SECTION 1 A:- PROCEDURE FOR SUBMISSION OF E-TENDER

The bidders are required to submit soft copies of their bid electronically on the e-Wizard Portal using valid Digital Signature Certificates. Below mentioned instructions are meant to guide the bidders for registration on the e-Wizard Portal, prepare their bids in accordance with the requirements and submit their bids online on the e-Wizard Portal. For more information bidders may visit the e-Wizard Portal https://mhrd.euniwizarde.com

1. REGISTRATION PROCESS ON ONLINE PORTAL

- 1. Bidders to enroll on the e-Procurement module of the portal https://mhrd.euniwizarde.com by clicking on the link "Bidder Enrolment" as per portal norms.
- The bidders to choose a unique username and assign a password for their accounts. Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the e-Wizard Portal.
- Bidders to register upon enrolment their valid Digital Signature Certificate (DSC: Class II or Class III
 Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India with their
 profile.
- 4. Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse. Foreign bidders are advised to refer "DSC details for Foreign Bidders" for Digital Signature requirements on the portal.
- 5. Bidder then logs in to the site through the secured log-in by entering their user ID/password and the password of the DSC / e-Token.

2. TENDER DOCUMENTS SEARCH

- Various built-in options are available in the e-Wizard Portal which is further synchronizing with CPP Portal to facilitate bidders to search active tenders by several parameters. These parameters include Tender ID, organization, location, date, value, etc.
- 2. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, a form of contract, location, date, other keywords, etc. to search for a tender published on the Online Portal.
- 3. Once the bidders have selected the tenders they are interested in, they may download the required documents/tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would

enable the Online Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.

4. The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification/help from the Helpdesk.

3. BID PREPARATION

- Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- 2. Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid.
- 3. Please note the number of covers in which the bid documents have to be submitted, the number of documents including the names and content of each of the document that needs to be submitted. Any deviations from these may lead to rejection of the bid.
- 4. Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document/schedule and generally, they can be in PDF / XLS / PNG, etc. formats. Bid documents may be scanned with 100 dpi with black and white option.

4. BID SUBMISSION

- 1. Bidder to log into the site well in advance for bid submission so that he/she uploads the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- 2. The bidder to digitally sign and upload the required bid documents one by one as indicated in the tender document.
- Bidder to select the payment option as Online" to pay the tender fee/ EMD wherever applicable and enter details of the instrument.
- 4. A standard BoQ format has been provided with the tender document to be filled by all the bidders. Bidders to note that they should necessarily submit their financial bids in the prescribed format and no other format is acceptable.
- 5. The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, the opening of bids, etc. The bidders should follow this time during bid submission.

- 6. All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data, which cannot be viewed by unauthorized persons until the time of bid opening.
- 7. The uploaded tender documents become readable only after the tender opening by the authorized bid openers.
- 8. Upon the successful and timely submission of bids, the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.
- 9. Kindly have all relevant documents in a single PDF file of compliance sheet.
- 10. The off-line tender shall not be accepted and no request in this regard will be entertained whatsoever.

5. AMENDMENT OF BID DOCUMENT

At any time prior to the deadline for submission of proposals, the institutions reserve the right to add/modify/delete any portion of this document by the issuance of a Corrigendum, which would be published on the website and will also be made available to the all the Bidder who has been issued the tender document. The Corrigendum shall be binding on all bidders and will form part of the bid documents.

6. ASSISTANCE TO BIDDERS

- 1. Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
- 2. Any queries relating to the process of online bid submission or queries relating to e-Wizard Portal, in general, may be directed to the 24x7 e-Wizard Helpdesk. The contact number for the helpdesk is 011-49606060, 23710092, 23710091, Sanjeet Kumar Jha +91-8882495599, 9350530626, Gagan +91 8448288987, Vijay +91 9113518121

7. INSTRUCTIONS TO THE BIDDERS

- 2. The tenders will be received online through portal https://mhrd.euniwizarde.com. In the Technical Bids, the bidders are required to upload all the documents in .pdf format.

- 3. Possession of Valid Class II/III Digital Signature Certificate (DSC) in the form of smart card/ e-Token in the company's name is a prerequisite for registration and participating in the bid submission activities through https://mhrd.euniwizarde.com. Digital Signature Certificates can be obtained from the authorized certifying agencies, details of which are available on the web site https://mhrd.euniwizarde.com. under the link 'DSC help'.
 - Tenderers are advised to follow the instructions provided in the 'Instructions to the Tenderers for the e-Submission of the bids online through the e-Wizard Portal for e-Procurement at https://mhrd.euniwizarde.com.
- 4. The bidder has to "Request the tender" to MHRD portal before the "Date for Request tender document", to participate in bid submission.
- **8.** All entries in the tender should be entered in online Technical & Commercial Formats without any ambiguity.
- **9.** Any order resulting from this e-tender shall be governed by the terms and conditions mentioned therein.
- **10.** No deviation to the technical and commercial terms & conditions are allowed.
- **11.** The tender inviting authority has the right to cancel this e-tender or extend the due date of receipt of the bid(s).

SECTION 1 B: INSTRUCTION TO BIDDER (ITB)

- 1. The bid should be submitted in two covers System-Technical Bid and Financial Bid online through portal https://mhrd.euniwizarde.com:
- 1.1 Envelope No.1 Technical Bid: The agencies should give details of their technical soundness and provide a list of customers of a previous supply of similar items to Universities, Institutes or Government Departments/ Undertakings/ public sectors with contact details. The details of the Bidder/ profile should be furnished along with the copy of all related documents. This envelope should be uploaded online tender (https://mhrd.euniwizarde.com/) and digitally signed as "Envelope No. 1 Technical Bid (Excel format).

1.2. Document to be scanned and submitted by uploading in the technical bid:

- a) The Bidder should possess a Licence certificate for manufacture /supply of the item.
- b) List of Owner/partners of the firm and their contact numbers
- c) The Bidder should possess Income-tax PAN Number.
- d) The Bidder should possess a valid GST registration number.
- e) Catalogue of the Product with detailed product specifications.
- f) List of Service Centres
- g) List of customers with contact details.
- h) The average annual turnover should not be less than 30% of the estimated cost put to tender/Tender for the job work. The copy of the Balance sheet, Profit & Loss A/c., Trade or Manufacturing A/c for the last 3 years should be enclosed
- i) Warranty Period Offered for the tendered item to be specified. If the Warranty period is not conforming to the schedule of requirements given in section 3 of the document, the bid is liable to be treated as non-responsive and rejected.
- j) EMD in an original form valid for minimum six months, through Bank Guarantee or DD, drawn on any scheduled bank in favour of "Director NITK, Surathkal", payable at Surathkal should be submitted, in case of EMD payment made through E-Payment, UTR Number with details should be uploaded. EMD shall bear no interest. Any bid not accompanying with EMD is liable to be treated as non-responsive and rejected.
- k) NSIC/ MSME registration certificate (in case of bidders claiming exception of EMD while submitting a bid)
- I) Contract form given in section 5 needs to be submitted.

The above documents should be furnished in the technical bid envelope.

2. Envelope No.2 – Financial bid: The agencies should submit their financial bid as per the (.xlxs) format is given in Section 4 of the Notice Inviting Tender in this cover. The rate should be quoted both in words and figures. Upload online bid (https://mhrd.euniwizarde.com.). This envelope should be upload online only as "Envelope No. 2 – Financial Bid".

Both the Envelope No. 1 and 2 should be kept in another separate envelope upload though online https://mhrd.euniwizarde.com. Digitally signed with the following details.

- 3 The tender will be accepted only from the **manufacturers or its authorised supplier**.
- 4. The Institute **reserves the right to visit the factory** before or after the issue of supply order to satisfy itself regarding the quality of production. In case of any remarks /default noted, the EMD will be forfeited even if prequalified.
- 5. The Financial Bid shall be in the format of Price Schedule given in Section 4. The Contract form as per format is given in section 5 shall be submitted. The incomplete or conditional tender will be rejected.
- 6. Details of the item to be carried out, approximate quantity and the specifications are mentioned in "Section 3" appended to this Notice Inviting Tender.
- 7. The item to be used is strictly according to the specification and subject to test by the Institute/concerned authorities. It must be delivered and installed in good working condition.
- 8. The Institute **reserves the right to cancel or reduce the quantity** included in the schedule of requirements at any time after acceptance of the tender with a notice. The Contractor/Supplier shall have no claim to any payment of compensation or otherwise whatsoever, on account of any profit or advantage which he might have derived from the execution of the work/supply in full but he did not derive in consequence of the foreclosure of the whole or part of the works.
- 9. Performance Security of 5 % of the contract value in terms of Bank Guarantee by scheduled banks shall be given by the successful bidder for the total period of Warranty. In the case of import, Indian Agent has to submit a performance guarantee in INR.
- 10. **The release of EMD:** The EMD shall be released after receipt of performance security from the successful bidder.
 - 11 **The validity of bids:** The rate quoted should be valid for a minimum of 90 days. No claim for escalation of the rate will be considered after opening the Tender.
 - 12 Imports: In case, Goods are to be imported, the Indian agent should furnish authorisation certificate by the principles abroad for submission of the bid in response to this Notice Inviting Tender.
 - 13 Clarification of Tender Document:

A prospective bidder requiring any clarification of the Tender Document may communicate to the contact person given in this notice inviting tender. The contact person will respond to any request for clarification for the Tender Document received not later than 5 working days prior to the last date for the receipt of bids

- 14 **Amendment of Tender document:** At any time prior to the last date for receipt of bids, Institute may for any reason, whether at its own initiative or in response to a clarification requested by a prospective bidder, modify the Tender document by an amendment.
- 15 Institute may at its own discretion extend the last date for the receipt of bids.
- 16 The bids shall be written in English language and any information printed in another language shall be accompanied by an English translation, in which case for the purpose of interpretation of the bid, the English translation shall govern.
- 17 The Institute reserves the right of accepting any bid other than the lowest or even rejecting all the bids. The decision of the Institute Purchase Committee is final in all matters of tender and purchase.
- 18 The bidder should give the following declaration while submitting the Tender.
- 19 Relaxation for Start-up, MSEs, Make in India will be as per GOI norms.
- 20 Any other details required may be obtained from the contact person (Buyer) given in the Notice Inviting Tender during the office hours.

DECLARATION

I/we have not tampered/modified the tender forms in any manner. In case, if the same is found to be tampered/modified, I /we understand that my/our tender will be summarily rejected and full Earnest money deposit will be forfeited and I /we are/are liable to be banned from doing business with NITK, Surathkal and/or prosecuted.

SECTION 2: CONDITIONS OF CONTRACT

- 1. In the case of the domestic supplier, the rate should be quoted on FOB basis (Door Delivery).
- 2. In the case of import, either CIF or FOB (foreign currencies) rate should be quoted. All components of expenditure to arrive at Bangalore need to be explicitly specified.
- 3. The bidder shall indicate the excise duty exemption for the goods if applicable.
- 4. The rates should be quoted for preferably FOR destination from supply within India.
- 5. The institute is eligible for customs duty & GST exemption (for research related Procurement of Goods) & In the case of import, there will be no GST.
- 6. The rate quoted should be on a unit basis. Taxes and other charges should be quoted separately, duly considering exemptions if any.
- 7. Rate quoted should be inclusive of Testing, commissioning and installation of equipment and Training.
- 8. Payment: No advance payment will be made. Payment will be made only after the supply of the item in good and satisfactory condition and receipt of performance security by the supplier. In the case of Imports, the payment will be made through LC / Sight Draft / After Installation, and performance security need to be submitted at the time of LC commitment/issue of sight draft.
- 9. Guarantee and Warranty period should be specified for the complete period conforming to section 3 of this tender document.
- 10. The period required for the supply and installation of the item should be specified conforming to section 3 of this tender document.
- 11. In case of dispute, the matter will be subject to Mangalore Jurisdiction only.

SECTION 3: SCHEDULE OF REQUIREMENTS, SPECIFICATIONS AND ALLIED DETAILS

[To be filled up by the Department / Center of NITK, Surathkal]

Item(s) Name to be procured : Single Phase AC/DC TIG Welding Machine

Type (Equipment / Software / Furniture / Others) : Equipment

Brief Specifications of the Item(s) : As per Annexure "A"

(Attach Additional Sheet if necessary)

Quantity : one

Any other details / requirement : ---

Warranty Period required : 3 years

Delivery Schedule expected

after release of Purchase order

(In Weeks) : 4 weeks

EMD (in Rupees) : Rs 8000/-

Performance Security to be given

by Successful Bidder after release of : 5% of PO value

Purchase Order (in Rupees)

Detailed Technical Specifications

- 1. <u>APPLICATION</u>: The TIG Welding machine will be used for defect free welding of thin Tube/Pipe, sheet metal & root runs for carbon steel, Alloy Steel, Stainless Steel Aluminium etc material, The machine should be robust, light in weight and heavy duty for continuous working.
- 2. **DESIGN FEATURE OF THE MACHINE**: The AC/DC TIG Welding power source should be Digitally controlled inverter Based with latest inverter techniques incorporating power factor control (PEC) which enables energy saving and allows the use of long power supply lines. Also to achieve 0.99 COSØ. The machine should be Single Phase 230V AC operable at maximum welding current of 230 Amps.

3. TECHNICAL SPECIFICATION FOR SINGLE OPERATOR SINGLE PHASE AC/DC TIG WELDING MACHINE

Digital Microprocessor Controlled MOSFET/IGBT inverter Based AC/DC Power Source incorporating Power Factor Control device. XVI) Type of TIG Torch Cooling Water cooled	XVI) Type of TIG Torch Cooling	

XVII) Dimension LXBXW mm	558 X 210 X 370mm (approx.)
XIX) Degree of Protection	IP23
XX) EMC emission class (in	A
accordance with EN/IEC 60974-1):	
XXI) <u>Ignition voltage</u> (Up	9.5KV
XXII) Insulation class:	В

4. TECHNICAL FEATURE

- **4.1** Construction: Should be Portable, Light Weight, Handy & Sturdy to work at rough & tough shop floor as well as on-board working condition.
 - 4.2 The machine should have the following in built feature:
 - i) HF Ignition Facility
 - ii) Pulse welding functions, slope up, slop down etc.
 - iii) Automatic gas Pre flow & post flow facility
 - iv) Gas test function
 - v) 2 Track/4 Track operation
 - vi) Over temperature protection
 - vii) Hot start/soft start
 - viii) Crater Fill current function
 - ix)Arc Force control
 - x) Anti-Stick
 - xi) Step less control of current settings.
- xii) Machine should measure the Resistance of the total welding circuit for every job thus resistance should not affect in the welding.
- xiii) Machine should measure the inductance of the total welding circuit for every job thus Inductance should not affect in the welding.
- xiv) in-built safety measures against open circuit, short circuit or phase fault etc.
- xv) The machine should have facility to store 0 to 999 numbers of welding parameters/job once established and activate these stored data during repetitive type welding.
 - xvi) The machine should have function selection: following processes:
 - a. DC TIG
 - b. AC TIG
 - c. DC Pulsed TIG
 - d. AC Pulsed TIG
 - e. TIG Tacking

- f. Spot Welding
- g. AC current offset
- h. Background current settings
- i. Duty cycle % settings main current and background current.
- xvii) The machine should be fully protected against overloading/prevent damage due to operations at higher current range than specified, through built in i tripping device.
- xviii) Machine should have provision to select the AC welding wave cycle in 'Sine, Triangle & Rectangular form in Aluminium welding.
- xix) Machine should have a function to make tungsten ball shape automatically (with diameter settings of the ball) for Aluminium welding.
- xx) The machine should have provision to change polarity of the Torch and earth cable by selection switch such that there is no need change the cables from the machine terminals.
- xxi) Machine should have provision to connect through 'WiFi.
- xxii) Should have USB port to connect Pen drive and extract saved welded Jobs in PDF, Also to connect (service dongles, licence keys, etc.) to update firmware.
- xxiii) Ignition timeout function and Arc break time (safety features while welding, the power source cuts our automatically.)

5. Cooling Unit (with IP 23 rating)

- i) Direct connection to the power source Plug and weld
- ii) should have AC pump with 600w cooling capacity at 1.01/min flow
- iii) should be Environment friendly cooling liquid (With safety data sheet)
- iv) should have Blow out mode to drain the coolant from torch body using existing protective gas.

6: THE FRONT PANEL SHOULD HAVE THE FOLLOWING:

- i) Should have 4" or above colour text display with different language options, Welding voltage & current display
- ii) Operating mode.
- iii) Tungsten Size
- iv) Welding parameter values'like Gas.pre-flow and post flow time, down slope and up-slobe time, Pulse time, ignition current, main current etc.
- v) Set Values & Real Values of Welding parameters.
- vi) Over temperature indication.
- vii) Error display
- viii) Favorites button for quick access to the most important welding parameters.

ix) Display locking option with Key card reader for NFC keys (Contactless system)

7. Welding Torch

- i.Non-slip and soft components in the torch handle, with UP down buttons to adjust the welding current in Amps
- ii. Welding torch should have integrated LED light. Multilock torch body with adjustments.
- **8. Other accessories required**: Power Source, Cooling unit, 4m water Cooled TIG Torch, 4m long 35mm² Ground cable with clamp, Argon gas Regulator, Movable cart/ trolley with facility to hold the welding cylinder. Torch consumables for 1 month
- **9.** The equipment must comply with essential harmonized standards for health, safety, and environment and consumer protection. Machine should have with 'S' & 'CE' mark.
