

Dear Students,

Welcome to NITK Family.

We have introduced a new hostel module for the hostel room allotment and the mess allotment through IRIS for the smooth functioning of the hostel activities. With this new hostel module students can book their rooms and mess remotely through online without their physical presence in the hostel office. Now, before entering the campus a student will know which hostel he/she should go to and in which mess he/she should take food.

Happy Stay in the Campus. Wishing you all the best.

Prof. Pushparaj Shetty B,  
Associate Professor, In-Charge, Hostel Affairs,  
NITK Hostels
