The prospective bidders may kindly note the following corrections in the tender document:

Queries & Reply/Clarification

Sl. No.	Changes requested by the Vendor (Via Email)	Reply/Clarification
1	The indicated Budget looks to be Minimum. What are the chances for this amount to get stretched?	As per the tender document
2	Any deviation in the payment terms is allowed or not? In principle, AVL expects 100 % advance. We can even support 90 /10. But payment after delivery is against our Global policy. We need to get internal approval.	Information is documented in the tender documents and strictly as per the document.
3	Details on the Engine need to be very specific. The text on the tender document is very general Also	No comments, As per the tender document
4	NIT has mentioned all the options of making the endoscope on engines, which should be selective and be specific and limited to only one.	With available funds, the specifications are drawn and the scope of the endoscope is given in the tender document. (for endoscope price can be quoted separately)
5	Is the above indicated budget is Inclusive of Import duties and clearance from Customs? Kindly note even the concessional Import duty will be a minimum 10%.	The import or customs duties is by NITK Surathkal but it is the responsibility of the supply to coordinate and bring to the NITK campus.
6	What about the utility scope like, availability of regulated power supply, fuel pipelines, fuel storage tanks, compressed air, chilled water etc.?	The accessories which are mentioned above is part of the setup and it is the responsibility of the supplier to supply compatible accessories for better working or utilization of the instruments.

It is decided to extend the Bid submission date by four weeks after displaying Addendum 1
